

*Village of Washingtonville*

**ROUTE 208 BRIDGE REPAIR**

**NOTICE**

**Merchants and General Public**

**As you are well aware, the bridge on 208 will be replaced by the state starting at the end of June 2016. The state has informed us that it should take about 42 days. The bridge will be completely shut down.**

**Traffic detours will be needed during the construction time period. Detour signs will be placed by the state or the contractor.**

**“ MEETING ”**

**An informational meeting is scheduled for the businesses and general public on February 16<sup>th</sup>, 2016 by Mr. William Cromeek from ECCO III Enterprises bridge designs.**

**Village Hall 9 Fairlawn Dr. at 7 P.M.**

**“ ADDITIONALLY ”**

**From January 2016 on there will be some prep work on the bridge prior to the actual construction from Cable, Utility and Gas Companies that need to be done. This project will be fully funded by the State of New York and FEMA.**

**\*\* The bridge when completed will be asset to the image to our village.**

**Thank you for your cooperation  
David Heintz, Mayor**
