Message from the Village Board

SHOP LOCAL BUSINESSES

Washingtonville

As many of you know the Village will have some small inconveniences during the Rt.208 Bridge closure for 42 days starting late June. However, we need to show our support to our local shops and restaurants. We must remember that when we turn to our local businesses to support our local fundraisers, church functions, donations & sponsorships for Village clubs and teams we ask these same merchants for donations.

It is our turn to do the same for them now during this bridge reconstruction stage! Our local businesses have always responded and answered our call for support. I am asking that during the bridge closure, let's go that extra mile and support our local stores and restaurants. They should be able to count on us since we have always counted on them.

It's our turn now to support them as they have done for us for so many years for our Village organizations. Our Village is one large family and our local businesses are part of that family as well. I know that a small detour will not stop us from going to one of the local businesses that would be on the other side of the bridge. We need to give them our support!

School buses will not be an issue since school will be closed before the construction starts. This will reduce traffic congestion in the center of the Village during the 42 day period.

Thank you all for your cooperation

Village Board
