RC: Outgrown Vern Allen, moving event to diff. site? Mays Field?

Someone in Audience: Vern Allen; opt. as far as parking & accommodating people.

RC: Parking; main issue, not area of field.

Someone in Audience: Shuttling; offsite parking, no crowded lot at Vern Allen. Campers off site, KOC, leave 1/2 people there for security purposes; watch rides, equip. & stuff, something trying to figure out & address;

PL: W/maint. afterwards, day after.

PL: I was there next dy; talked Mandy; Nights w/sign & walked; rough in park; holes & fireworks in same area.

Someone in Audience: DPW inspects of field please reach out we will go back & do whatever it takes to make right to make sure this stays.

PL: Does PD do bkgrnd cks on carnival employees?

Someone in Audience: No

PL: I don't care who, we don't know who they are. You need to run name check on everybody work carnival, from village, it doesn't matter, need to make sure safe.

Someone in Audience: Okay.

RC: Is that something we can do?

PL: We can get names & Driver's License.

VL: Isn't that what carnival itself should do?

Someone in Audience: I think that's on carnival operator to provide.

PL: Have they provided?

Someone in Audience: Brought up Tn; we'll address, never been asked to carnival in yrs. to submit names of businesses. Don't know legally we can, we've been lucky.

Someone in Audience: Well we can call & find out info.

Chief: I don't think locals will allow us request; if it's done think we are looking into bkgrnd checks from carnival, vendor, fireworks, understand concern, don't think law right now allows & somebody comes in a bkgrnd chck for a solicitors permit, all were checking is name give us, bkgrnd you can w/true bkgrnd by a 3rd party, finger prints.

PL: Can't we do a name check?

Chief: We can run name, you need proper ID, picture, info.

JB: Talked about doing w/little league.

VL: We trust them w/doing so.

JB: It's valid point, I think w/place, we have been working w/company for yrs. & if you make call, they would say we do have trust, fall back on them. W/chief is saying, I could say his name, we need more.

VL: Need valid ID.

JB: Something we could work towards b/c I agree we need it; I don't think we need to;

VL: Put a statement out to carnival, stating 2 background chck; good enough.

JB: Anyone know bkgrnd of fireworks employees, ice cream worker? We should move towards that in future. Won't be last time it would come up.

VL: What about other events?

PL: Carnival has people driving, & walking on field...

Someone in Audience: As far as repairs, we will take care of it on our cost. When you called me I told Pat to ask Mayor about Chris coming out, generally speaking the pressures are more deeper, we're in these intense yards of soil you have a tractor that spreads it out like grass & straw, now when you came it had to be shortly before or after you guys came out they were raking everything out, & we did so 12:30, quarter to 1:00, I didn't see you, so the 1 little truck that you talked about on the side, we put grass seed, & I spoke to the Mayor, ask Chris to get the mayor's message, & all he had to do was find out if there is a roller. If there's a cost involved w/that we would have to pay for it but every year we do the same thing, the day after we walk out to pick up obvious trash & garbage you know evaluate the condition of field there may be as much dirt & grass destroyed that we need to repair it.

Someone else in Audience: Just to take Deputy Mayor's discussion a little further, what about the farmer's market, do you do a background check on workers from that? I mean when you say to them, think of everyone else.

VL: I agree.

JB: Something we need to work on. Not settled tonight.

Someone in Audience: I'm just saying he is talking about KOC if you're going to the farmer's market or fireworks, or any other festival you're having in town.

Trustee Calore made a motion, seconded by Trustee Laudato. 5 Ayes, 0 Nays.

I talked to William, inspector, about tree, I got estimates & I cannot give out \$25,000 at this point, & a lot of those places want cash, they don't do financing. I was in process of looking for taking it down & then unfortunately I broke open my hands at work & couldn't do it, but this weekend we should be taking it down. My landscaping is always done, what do they mean by landscaping?

JB: Part of code.
